TITLE XI—NATO AND RELATED MATTERS

NORTH ATLANTIC DEFENSE COOPERATIVE PROGRAMS

Report to Congress.

SEC. 1101. In order to fulfill the international obligations incurred by the United States under the North Atlantic Treaty Organization's Long-Term Defense Program for the rapid reinforcement of Europe, and recognizing that such action is in the national interest of the United States, the Secretary of Defense shall carry out commitments of the United States under the United States-German Wartime Host Nation Support Agreement of April 15, 1982, and under the Prepositioned Materiel Configured in Unit Sets (POMCUS) program by the earliest practicable date. The Secretary of Defense shall include in his annual report to the Congress a statement describing the status of implementation of such agreement and program, including his assessment of whether our allies are bearing their equitable share under such agreement and program and whether the implementation of such agreement and program adversely affects the readiness of the reserve components of the Armed Forces of the United States.

97 STAT. 673

REPORT ON ALLIED CONTRIBUTIONS TO THE COMMON DEFENSE

22 USC 1928 note.

63 Stat. 2241.

11 UST 1632–1759

SEC. 1102. (a) In recognition of the increasing military threat faced by the Western World and in view of the growth, relative to the United States, in the economic strength of Japan, Canada, and a number of Western European countries which has occurred since the signing of the North Atlantic Treaty on April 4, 1949, and the Mutual Cooperation and Security treaty between Japan and the United States on January 19, 1960, it is the sense of the Congress that—

(1) the burdens of mutual defense now assumed by some of the countries allied with the United States under those agreements are not commensurate with their economic resources;

(2) since May 1978, when each NATO member nation agreed to increase real defense spending annually in the range of 3 percent, most NATO members, except for the United States, have failed to meet the 3 percent real growth commitment consistently and performance toward this goal in 1983 is estimated to be the most deficient, on average, since the goal was established;

(3) since May 1981, when the Government of Japan established its policy to defend the air and sea lines of communication out to 1,000 nautical miles from the coast of Japan, progress to develop the necessary self-defense capabilities to fulfill that pledge has been extremely disappointing;

(4) Japan is the ally of the United States with the greatest potential for improving its self-defense capabilities and should, therefore, rapidly increase its annual defense spending to the levels required to fulfill that pledge and to enable Japan to be capable of an effective conventional self-defense capability by 1990, including the capability to carry out its 1,000-mile defense policy, a development that would be consonant not only with Japan's current prominent position in the family of nations but also with its unique sensibilities on the issues of war and peace, sensibilities that are recognized and respected by the people of the United States; and

(5) the continued unwillingness of such countries to increase their contributions to the common defense to more appropriate levels will endanger the vitality, effectiveness, and cohesiveness of the alliances between those countries and the United States.

(b) It is further the sense of the Congress that the President should seek from each signatory country (other than the United States) of the two treaties referred to in subsection (a) acceptance of international security responsibilities and an agreement to make contributions to the common defense which are commensurate with the economic resources of such country, including, when appropriate, an increase in host nation support.

Classified report to Congress.

(c)(1) The Secretary of Defense shall submit to the Congress not later than March 1, 1984, a classified report containing—

(A) a comparison of the fair and equitable shares of the mutual defense burdens of these alliances that should be borne by the United States, by other member nations of the North Atlantic Treaty Organization (NATO), and by Japan, based upon economic strength and other relevant factors, and the actual defense efforts of each nation together with an explanation of disparities that currently exist and their impact on mutual defense efforts;

97 STAT. 674

(B) a description of efforts by the United States and of other efforts to eliminate existing disparities;

(C) estimates of the real growth in defense spending in fiscal year 1983 projected for each NATO member nation compared with the annual real growth goal in the range of 3 percent set in May 1978;

(D) a description of the defense-related initiatives undertaken by each NATO member nation within the real growth in defense spending of such nation in fiscal year 1984;

(E) an explanation of those instances in which the commitments to real growth in defense spending have not been realized and a description of efforts being made by the United States to ensure fulfillment of these important NATO commitments;

(F) a description of the activities of each NATO member and Japan to enhance the security and stability of the Southwest Asia region and to assume additional missions for their own defense as the United States allocates additional resources to the mission of protecting Western interests in world areas not covered by the system of Western Alliances; and

(G) a description of what additional actions the executive branch plans to take should the efforts by the United States referred to in clauses (B) and (E) fail, and, in those instances where such additional actions do not include consideration of the repositioning of American troops, a detailed explanation as to why such repositioning is not being so considered.

Report to Congress.

(2) The Secretary of Defense shall also submit to the Congress not more than 30 days after the submission of the report required under paragraph (1) an unclassified report containing the matters set forth in clauses (A) through (G) of such paragraph.

LIMITATION ON NUMBER OF MILITARY PERSONNEL STATIONED IN EUROPE

(3) Parts should be acquired in economic order quantities and on a multiyear basis whenever feasible and practicable.

(4) On all major system acquisitions, contractors should be required to identify in their contract proposals the cost to the Government of acquiring unlimited rights in technical data and the extent to which the contractor uses standard commercial products in order to allow the Government to assess the desirability of acquiring those unlimited rights and to enable the Government to assess properly the total lifecycle cost of the system.

(5) Contractors should be required to identify the manufacturer of a part and the manufacturer's part number.

(6) Consideration should be given early in the acquisition process to determinations of whether acquisition of unlimited rights in technical data is desirable, taking into consideration that the cost of acquiring reprocurement data may in some instances outweigh the benefits to be derived from such acquisition.

(7) When unlimited data rights in technical data are acquired from a contactor, the contractor should be required to provide to the Government data necessary to incorporate changes in design or technology.

PART D—MISCELLANEOUS

ENDORSEMENT OF REPORT ON IMPROVED STRATEGIC COMMUNICATIONS

SEC. 1251. (a) The Congress finds that the report to the Congress by the Secretary of Defense entitled "Direct Communications Links and Other Measures to Enhance Stability", dated April 11, 1983, and submitted to the Congress pursuant to section 1123 of the Depart-

ment of Defense Authorization Act, 1983 (Public Law 97-252; 96 Stat. 756), contains several significant proposals that if implemented would, taken together, make significant progress toward eliminating the danger of accident or misinterpretation leading to nuclear war. Among the proposals in that report that Congress specifically finds constructive are proposals—

(1) to enhance the speed and quality of communications between the Governments of the United States and the Soviet Union;

(2) to establish a communications link between the senior military commands of the United States and the Soviet Union; and

(3) to develop a system of prior notification between the United States and the Soviet Union of missile launches and military exercises by either nation that could be misinterpreted by the other and therefore be destabilizing.

(b) The Congress—

(1) endorses the findings in the report described in subsection (a) and urges the President and the Secretary of Defense to implement as rapidly as possible the proposals made in that report;

(2) suggests that, when practicable and not harmful to the national security of the United States, the United States should unilaterally implement confidence-building measures (such as prior notification of missile launches and military exercises) on a temporary, voluntary basis and should invite the Soviet Union to join in implementing those measures; and

(3) endorses proposals that the United States, through its arms control negotiators, should seek a separate, limited agreement with the Soviet Union on confidence-building measures, such as those recommended in the report described in subsection (a), designed to reduce the danger of accident or misinterpretation leading to nuclear war.

CONGRESSIONAL FINDINGS

Nicaragua.

SEC. 109. (a) The Congress finds that—

(1) the Government of National Reconstruction of Nicaragua has failed to keep solemn promises, made to the Organization of American States in July 1979, to establish full respect for human rights and political liberties, hold early elections, preserve a private sector, permit political pluralism, and pursue a foreign policy of nonaggression and nonintervention;

(2) by providing military support (including arms, training, and logistical, command and control, and communications facilities) to groups seeking to overthrow the Government of El Salvador and other Central American governments, the Government of National Reconstruction of Nicaragua has violated article 18 of the Charter of the Organization of American States which declares that no state has the right to intervene, directly or indirectly, for any reason whatsoever, in the internal or external affairs of any other state;

2 UST 2394.

(3) the Government of Nicaragua should be held accountable before the Organization of American States for activities violative of promises made to the Organization and for violations of the Charter of that Organization; and

(4) working through the Organization of American States is the proper and most effective means of dealing with threats to the peace of Central America, of providing for common action in the event of aggression, and of providing the mechanisms for peaceful resolution of disputes among the countries of Central America.

(b) The President should seek a prompt reconvening of the Seventeenth Meeting of Consultation of Ministers of Foreign Affairs of the Organization of American States for the purpose of reevaluating the compliance by the Government of National Reconstruction of Nicaragua—

(1) with the commitments made by the leaders of that Government in July 1979 to the Organization of American States; and

(2) with the Charter of the Organization of American States.

(c) The President should vigorously seek actions by the Organization of American States that would provide for a full range of effective measures by the member states to bring about compliance by the Government of National Reconstruction of Nicaragua with those obligations, including verifiable agreements to halt the transfer of military equipment and to cease furnishing of military support facilities to groups seeking the violent overthrow of governments of countries in Central America.

(d) The President should use all diplomatic means at his disposal to encourage the Organization of American States to seek resolution of the conflicts in Central America based on the provisions of the Final Act of the San Jose Conference of October 1982, especially principles (d), (e), and (g), relating to nonintervention in the internal affairs of other countries, denying support for terrorist and subversive elements in other states, and international supervision of fully verifiable arrangements.

(e) The United States should support measures at the Organization of American States, as well as efforts of the Contadora Group, which seek to end support for terrorist, subversive, or other activities aimed at the violent overthrow of the governments of countries in Central America.

Report to Congress.

Recommendations.

(f) Not later than March 15, 1984, the President shall report to the Congress on the results of his efforts pursuant to this Act to achieve peace in Central America. Such report may include such recommendations as the President may consider appropriate for further United States actions to achieve this objective.

"(b)(1) From sums available for this section under section 347, the Secretary is authorized to award endowment grants to eligible institutions of higher education to establish or increase an endowment fund at such institution. Such grants shall be made only to eligible institutions described in paragraph (4) whose applications have been approved pursuant to subsection (g).

The source of funds for this institutional match shall not include Federal funds or funds from an existing endowment fund.

Grant period.

"(3)(A) The period of a grant under this section shall be not more than twenty years.

"(B) During the grant period, an institution may not withdraw or expend any of the endowment fund corpus.

Eligibility.

20 USC 1064.

"(4)(A) An institution of higher education is eligible to receive a grant under this section if it is an eligible institution as described in section 331(a)(1).

"(B) No institution shall be ineligible for an endowment grant for a fiscal year by reason of the previous receipt of such a grant, but no institution shall be eligible to receive such a grant for more than two fiscal years out of any period of five consecutive fiscal years.

"(5) An endowment grant under this section to an eligible institution year shall—

"(B) fails to invest the endowment fund in accordance with the investment standards set forth in subsection (c)(2); or

97 STAT. 711

"(C) fails to properly account to the Secretary concerning the investment and expenditures of the endowment funds.

Such value shall be determined by agreement of the parties or by action brought in the United States district court for the district in which such facility is located.

"(D) effective international cooperation is necessary to control the illicit cultivation, production, and smuggling of, trafficking in, and abuse of narcotic and psychotropic drugs.

This cooperation should include the development and transmittal of plans by each signatory country to the Single Convention on Narcotic Drugs, 1961, in which illicit narcotics and psychotropic crop cultivation exists, which would advise the International Narcotics Control Board, the United Nations Commission on Narcotic Drugs, and the international community of the strategy, programs, and timetable such country has established for the progressive elimination of that cultivation.

"(2) In order to promote such cooperation, the President is authorized to conclude agreements with other countries to facilitate control of the production, processing, transportation, and distribution of narcotics analgesics, including opium and its derivatives, other narcotic and psychotropic drugs, and other controlled substances.

"(3) Notwithstanding any other provision of law, the President is authorized to furnish assistance to any country or international organization, on such terms and conditions as he may determine, for the control of narcotic and psychotropic drugs and other controlled substances.".

(b) Section 481 of such Act (22 U.S.C. 2291) is amended by striking out subsection (e) and inserting in lieu thereof the following:

Report to Congress.

"(e)(1) Not later than February 1 of each year, the President shall transmit to the Speaker of the House of Representatives, and to the Committee on Foreign Relations of the Senate, a report on United States policy to establish and encourage an international strategy to prevent the illicit cultivation and manufacture of and traffic in narcotic and psychotropic drugs and other controlled substances.

"(2)(A) Each report pursuant to this subsection shall describe the policies adopted, agreements concluded, and programs implemented by the Department of State in pursuit of its delegated responsibilities for international narcotics control, including policy development, bilateral and multilateral funding and other support for international narcotics control projects, representations of the United States Government to international organizations and agencies concerned with narcotics control, training of foreign enforcement personnel, coordination of the international narcotics control activities of United States Government agencies, and technical assistance to international demand reduction programs.

97 STAT. 1054

"(B) Each such report shall also describe the activities of the United States in international financial institutions to combat the entry of illicit narcotic and psychotropic drugs and other controlled substances into the United States.

"(C) Each such report shall describe the activities for the fiscal year just ended, for the current fiscal year, and for the next fiscal year.

Identification of illicit drug producing countries.

"(3) Each such report shall identify those countries which are the significant direct or indirect sources of illicit narcotic and psychotropic drugs and other controlled substances significantly affecting the United States. For each such country, each report shall include the following:

"(A) A detailed status report, with such information as can be reliably obtained, on the illicit narcotic or psychotropic drugs or other controlled substances which are being cultivated, produced, or processed in or transported through such country, noting significant changes in conditions, such as increases or decreases in the illicit cultivation and manufacture of and traffic in such drugs and substances.

"(B) A description of the assistance under this chapter and the other kinds of United States assistance which such country received in the preceding fiscal year, which are planned for such country for the current fiscal year, and which are proposed for such country for the next fiscal year, with an analysis of the impact that the furnishing of each such kind of assistance has had or is expected to have on the illicit cultivation and manufacture of and traffic in narcotic and psychotropic drugs and other controlled substances in such country.

"(C) A description of the plans, programs, and timetables adopted by such country for the progressive elimination of the illicit cultivation of narcotic and pyschotropic drugs and other controlled substances, and a discussion of the adequacy of the legal and law enforcement measures taken and the accomplishments achieved in accord with these plans.

U.S. assistance.

"(4) In addition, each report pursuant to this subsection shall include, for each major illicit drug producing country for which the President is proposing to furnish United States assistance for the next fiscal year, a determination by the President of the maximum reductions in illicit drug production which are achievable during the next fiscal year. Such determination shall be based upon (A) the measures which the country is currently taking, and the measures which the country has planned for the next fiscal year, in order to prevent narcotic and psychotropic drugs and other controlled substances from being cultivated, produced, or processed illicitly, in whole or in part in such country, from being transported through such country to United States Government personnel or their dependents, or from entering the United States unlawfully, and (B) the other information provided pursuant to this subsection.

"(5) For each major illicit drug producing country which received United States assistance for the preceding fiscal year, each report pursuant to this subsection shall set forth the actual reductions in illicit drug production achieved by that country during such fiscal year.

Consultations.

"(f) As soon as possible after the transmittal of the report required by subsection (e), the designated representatives of the President shall initiate appropriate consultations with members of the Committee on Foreign Relations of the Senate and members of the Committee on Foreign Affairs of the House of Representatives. Such consultations shall include in-person discussions by designated representatives of the President (including the Assistant Secretary of State for International Narcotics Control and appropriate representatives of the Department of Health and Human Services, the Department of the Treasury, the Department of Defense, the Department of Justice, and the Agency for International Development) to review the worldwide illicit drug production situation and the role that United States assistance to major illicit drug producing countries, and United States contributions to international financial institutions, have in combating the entry of illicit narcotic and pyschotropic drugs and other controlled substances into the United States. Such consultation shall include, with respect to each major illicit drug producing country for which the President is proposing to furnish United States assistance for the next fiscal year, the furnishing of—

97 STAT. 1055

"(1) a description of the nature of the illicit drug production problem;

"(2) an analysis of the climatic, geographic, political, economic, and social factors that affect the illicit drug production;

"(3) a description of the methodology employed to determine the maximum achievable reductions in illicit drug production described pursuant to subsection (e)(4); and

"(4) an analysis of any additional United States assistance that would be required to achieve those reductions.

Publication in Congressional Record.

The chairman of the Committee on Foreign Relations and the chairman of the Committee on Foreign Affairs shall each cause the substance of each consultation to be printed in the Congressional Record.

Hearing.

"(g) After consultations have been initiated pursuant to subsection (f), the Committee on Foreign Relations and the Committee on Foreign Affairs should hold a hearing to review the report submitted pursuant to subsection (e), especially the determinations described in subsection (e)(4). The hearing shall be open to the public unless the committee determines, in accordance with the rules of its House, that the hearing should be closed to the public.

Suspension of U.S. assistance.

"(h)(1) If the President determines that a major illicit drug producing country has failed to take adequate steps to prevent narcotic and psychotropic drugs and other controlled substances produced or processed, in whole or in part, in such country or transported through such country, from being sold illegally within the jurisdiction of such country to United States Government personnel or their dependents or from being smuggled into the United States—

"(A) the President shall suspend United States assistance to or for such country; and

"(B) the Secretary of the Treasury shall instruct the United States Executive Director of the International Bank for Reconstruction and Development, the United States Executive Director of the International Development Association, the United States Executive Director of the Inter-American Development Bank, and the United States Executive Director of the Asian Development Bank, to vote against any loan or other utilization of the funds of their respective institution to or for such country.

97 STAT. 1056

"(2) In determining whether adequate steps have been taken, the President shall give foremost consideration to whether the actions of the government of the country have resulted in the maximum reductions in illicit drug production which were determined to be achievable pursuant to subsection (e)(4). The President shall also consider whether such government has taken the legal and law enforcement measures to enforce in its territory, to the maximum extent possible, the elimination of illicit cultivation and the suppression of illicit manufacture of and traffic in narcotic and psychotropic drugs and other controlled substances, as evidenced by seizures of such drugs and substances and of illicit laboratories and the arrest and prosecution of violators involved in the traffic in such drugs and substances significantly affecting the United States.

Report to Congress.

"(3) If assistance to a country is suspended pursuant to this subsection, such suspension shall continue in force until the President determines, and reports to the Congress in writing, that the government of such country has taken the adequate steps described in paragraph (2) of this subsection, including—

"(A) having prepared, presented, and committed itself to a plan providing for the control, reduction, and gradual elimination of the illicit cultivation, production, processing, transportation, and distribution of narcotic and psychotropic drugs and other controlled substances within an explicitly stated period of time, with implementation commencing prior to the resumption of United States assistance to or for such country and prior to approval by the United States of the extension of any loan or the furnishing of any financial or technical assistance by any international financial institution to such country; and

"(B) having taken legal and law enforcement measures to enforce effective suppression of the illicit cultivation, production, processing, transportation, and distribution of narcotic and pyschotropic drugs and other controlled substances.

Definitions.

"(i) As used in this section—

"(1) the term 'legal and law enforcement measures' means—

(a) Notwithstanding any other provision of law, none of the funds authorized to be appropriated by this Act or any other Act may be obligated or expended for the purpose or with the effect of promoting, sustaining, or augmenting, directly or indirectly, the capacity of the Khmer Rouge or any of its members to conduct military or paramilitary operations in Kampuchea or elsewhere in Indochina.

RAOUL WALLENBERG AND JAN KAPLAN

SEC. 1006. (a) The Congress finds that—

(1) the Soviet Union arrested one of the great heroes of

modern times in 1945 when they arrested Raoul Wallenberg;

(2) Raoul Wallenberg was a Swedish diplomat who, at great personal risk, had acted to save hundreds of thousands of Hungarian Jews from the Nazi Holocaust;

(3) Raoul Wallenberg took these actions as a humanitarian and with the knowledge, consent, and financial assistance of the United States Government;

(4) Raoul Wallenberg has recently been made an honorary citizen of the United States;

(5) the Soviet Union has changed their story a number of times about the whereabouts of Raoul Wallenberg;

(6) the most recent position of the Soviet Union is that he died in 1947;

(7) there are many eyewitnesses who have testified that they saw Raoul Wallenberg in Russian prisons and hospitals in the decades since the 1940's;

(8) one of the most recent eyewitnesses was Jan Kaplan, a Russian refusnik who shortly after his release from a Soviet jail in 1977, phoned his daughter, Doctor Anna Bilder, in Israel and reported that he had met a Swede in prison who had survivied thirty years in the Gulag;

(9) during the next two years, Anna Bilder received no further word from or about her father;

(10) in July 1977, Jan Kaplan's wife smuggled a letter to Doctor Bilder informing her that Jan Kaplan had been rearrested because of a letter he had tried to smuggle to her about Raoul Wallenberg;

(11) in 1980, the Swedish Government sent an official request to interview Jan Kaplan;

(12) the Soviets made no response to this request;

(13) the whereabouts of Jan Kaplan are not known; and

(14) Jan Kaplan could provide valuable information about Raoul Wallenberg.

(b) It is the sense of the Congress that the President, acting directly or through the Secretary of State, should take all possible steps at all appropriate times to ascertain the whereabouts of Jan Kaplan and to request an interview with him in order to learn more concerning the whereabouts of Raoul Wallenberg. 97 STAT. 1059

POLICY TOWARD THE EXPORT OF NUCLEAR-RELATED EQUIPMENT, MATERIALS, OR TECHNOLOGY TO INDIA, ARGENTINA, AND SOUTH AFRICA

SEC. 1007. (a) It is the sense of Congress that the United States Government should disapprove the export of, and should suspend or revoke approval for the export of, any nuclear-related equipment, material, or technology, including nuclear components and heavy water, to the Government of India, Argentina, or South Africa until such time as such government gives the Government of the United States stronger nuclear nonproliferation guarantees. Such guarantees should include—

(1) reliable assurances by such government that it is not engaged in any program leading to the development, testing, or detonation of nuclear explosive devices; and

(2) agreement by such government to accept international safeguards on all its nuclear facilities.

(b) If the President determines, in the case of India's Tarapur reactor, while it is under International Atomic Energy Agency inspection, that certain equipment or nonnuclear material or technology is necessary for humanitarian reasons to protect the health and safety of operations and is not available from a foreign supplier, the President may authorize the export of such equipment or nonnuclear material or technology.

ACID RAIN

SEC. 1008. (a) The Congress finds the following:

(1) Acid deposition, commonly known as "acid rain" is

believed to have caused serious damage to the natural environment in large parts of Canada and the United States and has raised justified concerns among citizens of both countries.

(2) Acid rain is believed to have caused billions of dollars of damage annually to both natural and manmade materials. It damages crops and the forests which support 25 per centum of the Canadian economy and much of our own. It threatens marine life in fresh water lakes, rivers, and streams.

(3) The principal sources of acid rain are believed to be emissions resulting from power generation, industrial production, mineral smelters, and automobile transportation which originate in both the United States and Canada and which affect the environment of the other.

(4) Section 612 of the Foreign Relations Authorization Act, fiscal year 1979, called upon the President to "make ever effort to negotiate a cooperative agreement with the Government of Canada aimed at preserving the mutual airshed of the United States and Canada so as to protect and enhance air resoures".

42 USC 7415 note.

(5) On August 5, 1980, the Governments of Canada and the United States signed a Memorandum of Intent committing both parties "to develop a bilateral agreement which will reflect and further the development of effective domestic control programs and other measures to combat transboundary air pollution," and, as an interim action, committing both parties to "promote vigorous enforcement of existing laws and regulations" and "to develop domestic air pollution control policies and strategies, and as necessary and appropriate, seek legislative or other support to give effect to them".

97 STAT. 1060

(6) The Government of Canada has made a formal offer to reduce eastern emissions of sulfur dioxide by 50 per centum by 1990 should the United States make a comparable commitment.

(7) Both the United States and Canada have taken steps to reduce transboundary pollutants. Present United States air emission standards are the most stringent in the world. In the past decade, the United States has reduced sulfur dioxide emissions by 15 per centum. However, the failure of the United States to respond in a timely manner to concerns about transboundary air pollution would harm the historically close relations between the United States and Canada.

(8) The strategies and techniques adopted to control air pollution emissions should weigh heavily the employment and other economic effects on employment in the United States and Canada of the acid precipitation, electricity generation, manufacture, distribution and installation of pollution control equipment, and any curtailment of emission producing industrial activity.

(b) It is therefore the sense of the Congress that the President should—

(1) respond constructively to the Canadian offer on air pollution emissions;

(2) proceed to negotiate as expeditiously as possible a bilateral agreement with Canada providing for significant reductions in transboundary air pollution while keeping economic dislocations in both countries to the minimum possible; and

(3) consider prompt initiation of a joint Government-supported program to develop new cost-effective technologies that will facilitate reduction of sulfur dioxide emissions and other copollutants;

(4) instruct the Secretary of State to report to the Congress no later than December 1, 1983, on the progress toward achieving a new transboundary air pollution agreement, including a cooperative program on new technologies.

Report to Congress.

INTERNATIONAL AGREEMENTS ON NATURAL GAS

SEC. 1009. (a) The Congress finds that—

(1) the foreign policy and economic well-being of the United

States depend on mutually beneficial relationships with our trading partners throughout the world;

(2) America's present economic difficulties have been caused in part by the huge increases in the price of energy, especially imported energy, during the 1970's;

(3) at a time when prices for other forms of energy are stabilizing or falling, the burner-tip price of natural gas continues to rise throughout the United States;

(4) the high price of natural gas is a severe hardship for low-income persons, the elderly, the agricultural industry, small businesses, and other consumers without alternative fuel sources;

(5) high-priced imported natural gas is a major factor contributing to these price increases;

97 STAT. 1061

(6) imports of high-priced natural gas continue at prices above fair market levels, despite the increased availability of uncommitted and ample supplies of lower priced domestic gas;

(7) it is in the interest of the United States to continue to import natural gas from secure sources in whatever quantity consumers require, as long as the price is fair;

(8) the principles of free and fair international trade require that natural gas prices and terms of trade be made fair to all trading partners; and

(9) the immediacy of this problem requires the prompt and serious attention of all parties involved.

(b) It is the sense of the Congress that--

(1) the United States Government should move immediately to promote lower prices and fair market conditions for imported natural gas; and

Report to Congress.

(2) within thirty days after the date of enactment of this section, the Secretary of State, with the assistance of the Secretary of Energy, should prepare and transmit to the Congress a report on the progress made in achieving lower prices and fair market conditions for imported natural gas.

PREPUBLICATION REVIEW OF WRITINGS OF FORMER FEDERAL EMPLOYEES

SEC. 1010. The head of a department or agency of the Government may not, before April 15, 1984, enforce, issue, or implement any rule, regulation, directive, policy, decision, or order which (1) would require any officer or employee to submit, after termination of employment with the Government, his or her writings for prepublication review by an officer or employee of the Government, and (2) is different from the rules, regulations, directives, policies, decisions, or orders (relating to prepublication review of such writings) in effect on March 1, 1983.

ELIMINATION AND MODIFICATION OF REPORTS

SEC. 1011. (a) The following provisions are repealed:

(1) Section 126(c) of the Foreign Relations Authorization Act, fiscal year 1979 (22 U.S.C. 2691 note).

(2) Section 405(b) of the Foreign Relations Authorization Act, fiscal year 1979 (22 U.S.C. 1048 note).

(3) Section 12(d) of the Taiwan Relations Act (22 U.S.C. 3311(d)).

Repeal.

(4) Section 4 of the Act of November 13, 1979 (Public Law 96-110; 93 Stat. 844).

(5) Section 109(a)(7) of the Foreign Relations Authorizations Act, fiscal year 1978 (22 U.S.C. 2384 note).

Repeal.

(6) Section 411 of the International Development Cooperation Act of 1979 (22 U.S.C. 3511).

(b) Section 412(b)(1)(B) of the Immigration and Nationality Act (8 U.S.C. 1522(b)(1)(B)) is amended—

(1) by striking out the first sentence; and
(2) by striking out "after such study" in the second sentence. 97 STAT. 1062

EXTENDED VOLUNTARY DEPARTURE STATUS FOR CERTAIN EL SALVADORANS

SEC. 1012. (a) The Congress finds that—

(1) ongoing fighting between the military forces of the Government of El Salvador and opposition forces is creating potentially life-threatening situations for innocent nationals of El Salvador;

(2) thousands of El Salvadoran nationals have fled from El Salvador and entered the United States since January 1980;

(3) currently the United States Government is detaining these nationals of El Salvador for the purpose of deporting or otherwise returning them to El Salvador, thereby irreparably harming the foreign policy image of the United States;

(4) deportation of these nationals could be temporarily suspended, until it became safe to return to El Salvador, if they are provided with extended voluntary departure status; and

(5) such extended voluntary departure status has been granted in recent history in cases of nationals who fled from Vietnam, Laos, Iran, and Nicaragua.

(b) Therefore, it is the sense of the Congress that—

(1) the Secretary of State should recommend that extended voluntary departure status be granted to aliens—

(A) who are nationals of El Salvador,

(B) who have been in the United States since before January 1, 1983,

(C) who otherwise qualify for voluntary departure (in lieu of deportation) under section 242(b) or 244(e) of the Immigration and Nationality Act (8 U.S.C. 1252(b) and 1254(e)), and

(D) who were not excludable from the United States at the time of their entry on any ground specified in section 212(a) of the Immigration and Nationality Act (8 U.S.C. 1182(a)) other than the grounds described in paragraphs (14), (15), (20), (21), and (25); and

(2) such status should be granted to those aliens until the situation in El Salvador has changed sufficiently to permit their safely residing in that country.

SEC. 1013. Any joint resolution or bill introduced in either House which requires the removal of United States Armed Forces engaged in hostilities outside the territory of the United States, its possessions and territories, without a declaration of war or specific statutory authorization shall be considered in accordance with the procedures of section 601(b) of the International Security Assistance and Arms Export Control Act of 1976, except that any such resolution or bill shall be amendable. If such a joint resolution or bill should be vetoed by the President, the time for debate in consideration of the veto message on such measure shall be limited to twenty hours in the Senate and in the House shall be determined in accordance with the Rules of the House.

97 STAT. 749

Public Law 98-111
98th Congress

An Act

Oct. 4, 1983
[S. 602]

To provide for the broadcasting of accurate information to the people of Cuba, and for other purposes.

Radio Broadcasting to Cuba Act.
22 USC 1465 note.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Radio Broadcasting to Cuba Act".

FINDINGS; PURPOSES

22 USC 1465.

SEC. 2. The Congress finds and declares—

(1) that it is the policy of the United States to support the right of the people of Cuba to seek, receive, and impart information and ideas through any media and regardless of frontiers, in accordance with article 19 of Universal Declaration of Human Rights;

(2) that, consonant with this policy, radio broadcasting to Cuba may be effective in furthering the open communication of accurate information and ideas to the people of Cuba, in particular information about Cuba;

(3) that such broadcasting to Cuba, operated in a manner not inconsistent with the broad foreign policy of the United States and in accordance with high professional standards, would be in the national interest; and

(4) that the Voice of America already broadcasts to Cuba information that represents America, not any single segment of American society, and includes a balanced and comprehensive projection of significant American thought and institutions but that there is a need for broadcasts to Cuba which provide news, commentary and other information about events in Cuba and elsewhere to promote the cause of freedom in Cuba.

TITLE III—DESIGNATION OF THE "BIZZ JOHNSON TRAIL"

SEC. 301. The Congress finds that Harold T. "Bizz" Johnson, for twenty-two years a United States Representative from the State of California, should be afforded recognition for his deep appreciation and respect for the mountains, forests, rivers, and fertile valleys of northern California, and for his sustained efforts to protect areas especially suited to outdoor recreation and the enjoyment of nature, and to assure public access thereto. Bizz Johnson took an early and leading interest in proposals to convert an abandoned railroad right-of-way in Lassen County to a twenty-five-mile trail to provide access to the undeveloped Susan River Canyon in the Sierra Nevada Mountains for hikers, horseback riders, cross-country skiers, handicapped individuals, and others. As Representative for the First Congressional District he worked with, and provided major assistance to, local groups, officials of the city of Susanville and the county of Lassen, the Bureau of Land Management, the Forest Service, and the Trust for Public Land in implementing plans for the project.

SEC. 302. The Susanville-Westwood Rails to Trails project described in a joint Bureau of Land Management/Forest Service Recreation Land Acquisition Composite, converting an abandoned railbed in Lassen County, California, extending from the county seat in Susanville westward twenty-five miles to Mason Junction, four miles from the community of Westwood, and traversing the Susan River Canyon, to a public recreation trail is hereby designated and

SEC. 303. The Secretary of the Interior is authorized and directed, in cooperation with the city of Susanville and the county of Lassen, State of California, to design and erect at a suitable location along the Bizz Johnson Trail an appropriate marker in commemoration of the outstanding contributions of Harold T. "Bizz" Johnson toward the protection of undeveloped scenic areas of northern California for the use and enjoyment of the American people, in perpetuity.

TITLE IV—ROY TAYLOR FOREST

SEC. 401. SEC. 402. The thirty-nine thousand acres of forested mountain land within the Nantahala National Forest in Jackson County, North Carolina, commonly referred to as the Balsam-Bonas Defeat area, are hereby designated and hereafter shall be known as the "Roy Taylor Forest". Any law, regulation, record, map, or other document of the United States referring to this land shall be held to refer to the "Roy Taylor Forest", and any future regulations, records, maps, or other documents of the United States, in reference to this area of the Nantahala National Forest, shall bear the name "Roy Taylor Forest".

TITLE V—COMMEMORATION OF THE TRAVELS OF WILLIAM BARTRAM

SEC. 501. (a) The Congress finds that—

(1) William Bartram's travels contributed to natural history, literature, and exploration and are of national and regional significance;

(2) a wider segment of the public should be afforded the opportunity to share in Bartram's natural, cultural, and historic resource contributions to America's heritage; and

(3) a segmented William Bartram Heritage Trail would be a practical and appropriate commemoration to a great American naturalist worthy of national recognition.

Donations.

(b) In order that significant route segments and sites, recognized as associated with the travels of William Bartram may be distinguished by suitable markers, the Secretary of the Interior is authorized to accept the donations of such suitable markers for placement at appropriate locations on lands administered by the Secretary of the Interior and, with the concurrence of the Secretary of Agriculture and other appropriate heads of Federal agencies, on lands under their jurisdiction. The determination of the placement of markers to commemorate the travels of William Bartram shall be

97 STAT. 851

An Act

To settle certain claims of the Mashantucket Pequot Indians.

Oct. 18, 1983
[S. 1499]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Mashantucket Pequot Indian Claims Settlement Act".

Mashantucket Pequot Indian Claims Settlement Act
25 USC 1751 note.

CONGRESSIONAL FINDINGS

SEC. 2. The Congress finds that—

25 USC 1751.

(a) there is pending before the United States District Court for the District of Connecticut a civil action entitled "Western Pequot Tribe of Indians against Holdridge Enterprises Incorporated, et al., Civil Action Numbered H76-193 (D. Conn.)," which involves Indian claims to certain public and private lands within the town of Ledyard, Connecticut;

(b) the pendency of this lawsuit has placed a cloud on the titles to much of the land in the town of Ledyard, including lands not involved in the lawsuit, which has resulted in severe economic hardships for the residents of the town;

(c) the Congress shares with the State of Connecticut and the parties to the lawsuit a desire to remove all clouds on titles resulting from such Indian land claims;

(d) the parties to the lawsuit and others interested in the settlement of Indian land claims within the State of Connecticut have reached an agreement which requires implementing legislation by the Congress of the United States and the Legislature of the State of Connecticut;

(e) the Western Pequot Tribe, as represented as of the time of the passage of this Act by the Mashantucket Pequot Tribal Council, is the sole successor in interest to the aboriginal entity generally known as the Western Pequot Tribe which years ago claimed aboriginal title to certain lands in the State of Connecticut; and

(f) the State of Connecticut is contributing twenty acres of land owned by the State of Connecticut to fulfill this Act. The State of Connecticut will construct and repair three sections of paved or gravel roadways within the reservation of the Tribe. The State of Connecticut has provided special services to the members of the Western Pequot Tribe residing within its borders. The United States has provided few, if any, special services to the Western Pequot Tribe and has denied that it had jurisdiction over or responsibility for said Tribe. In view of the provision of land by the State of Connecticut, the provision of paved roadways by the State of Connecticut, and the provision of special services by the State of Connecticut without being required to do so by Federal law, it is the intent of Congress that the State of Connecticut not be required to otherwise contribute directly to this claims settlement.

Transfer of funds.
96 Stat. 938.

"(4) After the end of each month beginning with the month of October 1983, the Board shall determine the net amount, if any, which if added to or subtracted from the Federal Old-Age and Survivors Insurance Trust Fund, the Federal Disability Insurance Trust Fund, and the Federal Hospital Insurance Trust Fund would, with respect to such month, place those Trust Funds, taken as a whole, in the same position in which they would have been if (A) service as an employee after December 31, 1936, had been included in the term 'employment' as defined in the Social Security Act and in the Federal Insurance Contributions Act, and (B) this Act had not been enacted. If for any month the net amount so determined would be subtracted from those Trust Funds, the Board shall, within ten days after the end of such month, report such amount to the Secretary of the Treasury for transfer from the general fund to the Railroad Retirement Account. Any amount so reported shall further include interest (at an annual rate equal to the rate of interest borne by a special obligation issued to the Railroad Retirement Account in the month in which the transfer is made to the Account) payable from the close of the month for which the transfer is made until the date of transfer. The Secretary of the Treasury is authorized and directed to transfer to the Railroad Retirement Account from the general fund such amounts as, from time to time, may be determined by the Board pursuant to the provisions of this subdivision and reported by the Board for transfer. For such purpose the Secretary of the Treasury is authorized to use as a public debt transaction the proceeds of the sale of any securities issued after the date of the enactment of this Act under section 3102 of title 31 of the United States Code, and the purpose for which securities may be issued under section 3102 of title 31 of the United States Code are extended to include such purpose. Each such transfer shall be made by the Secretary of the Treasury within five days after a report of the amount to be transferred is received. Not later than December 31 following the close of each fiscal year beginning with the fiscal year ending September 30, 1984, the Board shall certify to the Secretary of the Treasury the total of all amounts transferred pursuant to the provisions of this subdivision for months in such fiscal year. Within ten days after a transfer, or transfers, pursuant to subdivision (2) for a particular fiscal year, the Board shall request the Secretary of the Treasury to retransfer from the Railroad

Retirement Account to the general fund an amount equal to (A) the total of all amounts, exclusive of interest, transferred to such Account pursuant to the provisions of this subdivision for months in such fiscal year, plus (B) interest (at the rate determined in subdivision (3) for such fiscal year) payable with respect to each amount transferred for a month during such fiscal year from the close of the month for which the transfer of the amount was made until the date of retransfer of such amount. The Secretary of the Treasury is authorized and directed to retransfer from the Railroad Retirement Account to the general fund such amounts as, from time to time, may be determined by the Board pursuant to the provisions of the preceding sentence of this subdivision and reported by the Board for retransfer.".

Any determination as to loss in interest to the Railroad Retirement Account pursuant to clause (C) of the first sentence of this subsection shall take into account interest from the date each annuity based, in part, on military service began to accrue or was increased to the date or dates on which the amount appropriated is credited to the Account. The cost resulting from the payment of additional benefits under this Act based on military service determined pursuant to the preceding provisions of this subsection shall be adjusted by applying thereto the ratio of the total net level cost of all benefits under this Act to the portion of such net level cost remaining after the exclusion of administrative expenses and interest charges on the unfunded accrued liability as determined under the last completed actuarial valuation pursuant to the provisions of subsection (g) of this section. At the close of the fiscal year ending June 30, 1975, and each fiscal year thereafter, the Board shall, as promptly as practicable, determine the amount to be appropriated to the Account pursuant to the provisions of this subsection, and shall certify such amount to the Secretary of the Treasury for transfer from the general fund in the Treasury to the Railroad Retirement Account. When authorized by an appropriation Act, the Secretary of the Treasury shall transfer to the Railroad Retirement Account from the general fund in the Treasury such amounts as, from time to time, may be determined by the Board pursuant to the provisions of this subsection and certified by the Board for transfer to such Account. In any determination made pursuant to section 7(c)(2) of this Act, no further charges shall be made against the Trust Funds established by title II of the Social Security Act for military service rendered before January 1, 1957, and with respect to which appropriations authorized by clause (2) of the first sentence of section 4(l) of the Railroad Retirement Act of 1937 shall have been credited to

SEC. 213. ELIGIBLE ARTICLES.

(a)(1) Unless otherwise excluded from eligibility by this title, the duty-free treatment provided under this title shall apply to any article which is the growth, product, or manufacture of a beneficiary country if—

(A) that article is imported directly from a beneficiary country into the customs territory of the United States; and

For purposes of determining the percentage referred to in subparagraph (B), the term "beneficiary country" includes the Commonwealth of Puerto Rico and the United States Virgin Islands. If the cost or value of materials produced in the customs territory of the United States (other than the Commonwealth of Puerto Rico) is included with respect to an article to which this paragraph applies, an amount not to exceed 15 per centum of the appraised value of the article at the time it is entered that is attributed to such United States cost or value may be applied toward determining the percentage referred to in subparagraph (B). 97 STAT. 388

Regulations.

(2) The Secretary of the Treasury shall prescribe such regulations as may be necessary to carry out this subsection including, but not limited to, regulations providing that, in order to be eligible for duty-free treatment under this title, an article must be wholly the growth, product, or manufacture of a beneficiary country, or must be a new or different article of commerce which has been grown, produced, or manufactured in the beneficiary country; but no article or material of a beneficiary country shall be eligible for such treatment by virtue of having merely undergone—

(A) simple combining or packaging operations, or

(B) mere dilution with water or mere dilution with another substance that does not materially alter the characteristics of the article.

"Direct costs of processing operations."

(3) As used in this subsection, the phrase "direct costs of processing operations" includes, but is not limited to—

(A) all actual labor costs involved in the growth, production, manufacture, or assembly of the specific merchandise, including fringe benefits, on-the-job training and the cost of engineering, supervisory, quality control, and similar personnel; and

(B) dies, molds, tooling, and depreciation on machinery and equipment which are allocable to the specific merchandise.

Such phrase does not include costs which are not directly attributable to the merchandise concerned or are not costs of manufacturing the product, such as (i) profit, and (ii) general expenses of doing business which are either not allocable to the specific merchandise or are not related to the growth, production, manufacture, or assembly of the merchandise, such as administrative salaries, casualty and liability insurance, advertising, and salesmen's salaries, commissions or expenses.

Exceptions.

(1) textile and apparel articles which are subject to textile agreements;

(2) footwear, handbags, luggage, flat goods, work gloves, and leather wearing apparel not designated at the time of the effective date of this title as eligible articles for the purpose of the generalized system of preferences under title V of the Trade Act of 1974; 19 USC 2461.

"Sugar and beef products."

19 USC 1202.

(A) The term "sugar and beef products" means—

(i) sugars, sirups, and molasses provided for in items 155.20 and 155.30 of the TSUS, and

(ii) articles of beef or veal, however provided for in subpart B of part 2 of schedule 1 of the TSUS.

"Plan."

(B) The term "Plan" means a stable food production plan that consists of measures and proposals designed to ensure that the present level of food production in, and the nutritional level of the population of, a beneficiary country will not be adversely affected by changes in land use and land ownership that will result if increased production of sugar and beef products is undertaken in response to the duty-free treatment extended under this title to such products. A Plan must specify such facts regarding, and such proposed actions by, a beneficiary country as the President deems necessary for purposes of carrying out this subsection, including but not limited to—

(i) the current levels of food production and nutritional health of the population;

(ii) current level of production and export of sugar and beef products;

(iii) expected increases in production and export of sugar and beef products as a result of the duty-free access to the United States market provided under this title;

(iv) measures to be taken to ensure that the expanded production of those products because of such duty-free access will not occur at the expense of stable food production; and

(v) proposals for a system to monitor the impact of such duty-free access on stable food production and land use and land ownership patterns.

Suspension.

(2) Duty-free treatment extended under this title to sugar and beef products that are the product of a beneficiary country shall be suspended by the President under this subsection if—

(A) the beneficiary country, within the ninety-day period beginning on the date of its designation as such a country under section 212, does not submit a Plan to the President for evaluation;

Ante, p. 384.

(B) on the basis of his evaluation, the President determines that the Plan of a beneficiary country does not meet the criteria set forth in paragraph (1)(B); or

(C) as a result of the monitoring of the operation of the Plan under paragraph (5), the President determines that a beneficiary country is not making a good faith effort to implement its Plan, or that the measures and proposals in the Plan, although being implemented, are not achieving their purposes.

Consultation with beneficiary country.

(3) Before the President suspends duty-free treatment by reason of paragraph (2) (A), (B), or (C) to the sugar and beef products of a beneficiary country, he must offer to enter into consultation with the beneficiary country for purposes of formulating appropriate remedial action which may be taken by that country to avoid such suspension. If the beneficiary country thereafter enters into consultation within a reasonable time and undertakes to formulate remedial action in good faith, the President shall withhold the suspension of duty-free treatment on the condition that the remedial action agreed upon be appropriately implemented by that country.

Plan monitoring, report to Congress.

97 STAT. 390

(4) The President shall monitor on a biennial basis the operation of the Plans implemented by beneficiary countries, and shall submit a written report to Congress by March 15 following the close of each biennium, that—

(A) specifies the extent to which each Plan, and remedial actions, if any, agreed upon under paragraph (4), have been implemented; and

(B) evaluates the results of such implementation.

(5) The President shall terminate any suspension of duty-free treatment imposed under this subsection if he determines that the beneficiary country has taken appropriate action to remedy the factors on which the suspension was based.

Sugars, sirups, and molasses.

19 USC 1202.

(d) For such period as there is in effect a proclamation issued by the President pursuant to the authority vested in him by section 22 of the Agricultural Adjustment Act (7 U.S.C. 624) to protect a price-support program for sugar beets and sugar cane, the importation and duty-free treatment of sugars, sirups, and molasses classified under items 155.20 and 155.30 of the TSUS shall be governed in the following manner:

19 USC 2464.

(1)(A) For all beneficiary countries, except those subject to subparagraph (B) and paragraph (2), duty-free treatment shall be provided in the same manner as it is provided pursuant to title V of the Trade Act of 1974 (19 U.S.C. 2461 et seq.), at the time of the effective date of this title; except that the President upon the recommendation of the Secretary of Agriculture, may suspend or adjust upward the value limitation provided for in section 504(c)(1) of the Trade Act of 1974 on the duty-free treatment afforded to beneficiary countries under this section if he finds that such adjustment will not interfere with the price support program for sugar beets and sugar cane and is appropriate in light of market conditions.

(B) As an alternative to subparagraph (A), the President may at the request of a beneficiary country not subject to paragraph (2) and upon the recommendation of the Secretary of Agriculture, elect to permit sugar, sirups, and molasses from that country to enter duty-free during a calendar year subject to quantitative limitations to be established by the President on the quantity of sugar, sirups, and molasses entered from that country.

(2) For the following countries whose exports of sugar, sirups, and molasses in 1981 were not eligible for duty-free treatment because of the operation of section 504(c) of the Trade Act of 1974, the quantity of sugar, sirups, and molasses which may be entered in any calendar year shall be limited to no more than the quantity specified below:

Metric tons:

Dominican Republic	780,000
Guatemala	210,000
Panama	160,000

Such sugar, sirups, and molasses shall be admitted free of duty, except as provided for in paragraph (3).

97 STAT. 391

(3) The President, upon the recommendation of the Secretary of Agriculture, may suspend or adjust upward the quantitative limitations imposed under paragraph (1)(B) or (2) if he determines such action will not interfere with the price support program for sugar beets and sugar cane and is appropriate in light of market conditions. The President, upon the recommendation of the Secretary of Agriculture, may suspend the duty-free treatment for all or part of the quantity of sugar, sirups, and molasses permitted to be entered by paragraphs (1)(B) and (2) if such action is necessary to protect the price-support program for sugar beets and sugar cane.

(4) Any quantitative limitation imposed on a beneficiary country under paragraphs (1)(B) and (2) shall apply only to the extent that such limitation permits a lesser quantity of sugar, sirups, and molasses to be entered from that country than the

quantity that would be permitted to be entered under any other provision of law.

Suspension.

(e)(1) The President may by proclamation suspend the duty-free treatment provided by this title with respect to any eligible article and may proclaim a duty rate for such article if such action is proclaimed pursuant to section 203 of the Trade Act of 1974 or section 232 of the Trade Expansion Act of 1962.

19 USC 2251.

(3) For purposes of subsections (a) and (c) of section 203 of the Trade Act of 1974, the suspension of the duty-free treatment provided by this title shall be treated as an increase in duty.

19 USC 2253.

(4) No proclamation which provides solely for a suspension referred to in paragraph (3) of this subsection with respect to any article shall be made under subsections (a) and (c) of section 203 of the Trade Act of 1974 unless the United States International Trade Commission, in addition to making an affirmative determination with respect to such article under section 201(b) of the Trade Act of 1974, determines in the course of its investigation under section 201(b) of such Act that the serious injury (or threat thereof) substantially caused by imports to the domestic industry producing a like or directly competitive article results from the duty-free treatment provided by this title.

19 USC 2251.

(5)(A) Any proclamation issued pursuant to section 203 of the Trade Act of 1974 that is in effect when duty-free treatment pursuant to section 101 of this title is proclaimed shall remain in effect until modified or terminated.

19 USC 2253.

(B) If any article is subject to import relief at the time duty-free treatment is proclaimed pursuant to section 211, the President may reduce or terminate the application of such import relief to the importation of such article from beneficiary countries prior to the otherwise scheduled date on which such reduction or termination would occur pursuant to the criteria and procedures of subsections (h) and (i) of section 203 of the Trade Act of 1974.

Ante, p. 384.

97 STAT. 392

Recommendation to the President.

(A) if the Secretary of Agriculture has reason to believe that a perishable product from a beneficiary country is being imported into the United States in such increased quantities as to be a substantial cause of serious injury, or the threat thereof, to the domestic industry producing a perishable product like or directly competitive with the imported product and that emergency action is warranted, he shall advise the President and recommend that the President take emergency action; or

Notice.

(B) the Secretary of Agriculture shall publish a notice of his determination not to recommend the imposition of emergency action and so advise the petitioner.

Proclamation.

(3) Within seven days after the President receives a recommendation from the Secretary of Agriculture to take emergency action pursuant to paragraph (2) of this subsection, he shall issue a proclamation withdrawing the duty-free treatment provided by this title or publish a notice of his determination not to take emergency action.

(4) The emergency action provided by paragraph (3) of this subsection shall cease to apply—

ELIGIBILITY FOR PROGRAM; DURATION OF ASSISTANCE

29 USC 1721 note.

SEC. 5. (a)(1) To be eligible for participation in a job training program under this Act, a veteran must be a Korean conflict or Vietnam-era veteran who—

(A) is unemployed at the time of applying for participation in a program under this Act; and

(B) has been unemployed for at least fifteen of the twenty weeks immediately preceding the date of such veteran's application for participation in a program under this Act.

"Korean conflict or Vietnam-era veteran."

(2) For purposes of paragraph (1), the term "Korean conflict or Vietnam-era veteran" means a veteran—

(A) who served in the active military, naval, or air service for a period of more than one hundred and eighty days, any part of which was during the Korean conflict or the Vietnam era; or

(i) was discharged or released therefrom for a service-connected disability; or

(ii) is entitled to compensation (or but for the receipt of retirement pay would be entitled to compensation).

(3) For purposes of paragraph (1), a veteran shall be considered to be unemployed during any period the veteran is without a job and wants and is available for work.

Application for participation.

(b)(1) A veteran who desires to participate in a program of job training under this Act shall submit to the Administrator an application for participation in such a program. Such an application—

(A) shall include a certification by the veteran that the veteran is unemployed and meets the other criteria for eligibility prescribed by subsection (a); and

(B) shall be in such form and contain such additional information as the Administrator may prescribe.

(2)(A) Subject to subparagraph (B), the Administrator shall approve an application by a veteran for participation in a program of job training under this Act unless the Administrator finds that the veteran is not eligible to participate in a program of job training under this Act.

Limitation of participants.

(B) The Administrator may withhold approval of an application of a veteran under this Act if the Administrator determines that, because of limited funds available for the purpose of making payments to employers under this Act, it is necessary to limit the number of participants in programs under this Act.

97 STAT. 445

Certification of eligibility.

(3)(A) The Administrator shall certify as eligible for participation under this Act a veteran whose application is approved under this subsection and shall furnish the veteran with a certificate of that veteran's eligibility for presentation to an employer offering a program of job training under this Act. Any such certificate shall expire 60 days after it is furnished to the veteran. The date on which a certificate is furnished to a veteran under this paragraph shall be stated on the certificate.

EMPLOYER JOB TRAINING PROGRAMS

Occupational criteria. 29 USC 1721 note.

SEC. 6. (a)(1) Except as provided in paragraph (2), in order to be approved as a program of job training under this Act, a program of job training of an employer approved under section 7 must provide training for a period of not less than six months in an occupation in a growth industry, in an occupation requiring the use of new technological skills, or in an occupation for which demand for labor exceeds supply.

(2) A program of job training providing training for a period of at least three but less than six months may be approved if the Administrator determines (in accordance with standards which the Administrator shall prescribe) that the purpose of this Act would be met through that program.

(b) Subject to section 10 and the other provisions of this Act, a veteran who has been approved for participation in a program of job training under this Act and has a current certificate of eligibility for such participation may enter a program of job training that has been approved under section 7 and that is offered to the veteran by the employer.

APPROVAL OF EMPLOYER PROGRAMS

29 USC 1721 note.

SEC. 7. (a)(1) An employer may be paid assistance under section 8(a) on behalf of an eligible veteran employed by such employer and participating in a program of job training offered by that employer only if the program is approved under this section and in accordance with such procedures as the Administrator may by regulation prescribe.

(2) Except as provided in subsection (b), the Administrator shall approve a proposed program of job training of an employer unless the Administrator determines that the application does not contain a certification and other information meeting the requirements established under this section or that withholding of approval is warranted under subsection (g).

97 STAT. 446

Employment restrictions.

(b) The Administrator may not approve a program of job training—

(1) for employment which consists of seasonal, intermittent, or temporary jobs;

(2) for employment under which commissions are the primary source of income;

(3) for employment which involves political or religious activities;

(4) for employment with any department, agency, instrumentality, or branch of the Federal Government (including the United States Postal Service and the Postal Rate Commission); or

(5) if the training will not be carried out in a State.

Application by employer.

(c) An employer offering a program of job training that the employer desires to have approved for the purposes of this Act shall submit to the Administrator a written application for such approval. Such application shall be in such form as the Administrator shall prescribe.

Required certification by employer.

(d) An application under subsection (c) shall include a certification by the employer of the following:

(1) That the employer is planning that, upon a veteran's completion of the program of job training, the employer will employ the veteran in a position for which the veteran has been

trained and that the employer expects that such a position will be available on a stable and permanent basis to the veteran at the end of the training period.

(2) That the wages and benefits to be paid to a veteran participating in the employer's program of job training will be not less than the wages and benefits normally paid to other employees participating in a comparable program of job training.

(3) That the employment of a veteran under the program—

(A) will not result in the displacement of currently employed workers (including partial displacement such as a reduction in the hours of nonovertime work, wages, or employment benefits); and

(B) will not be in a job (i) while any other individual is on layoff from the same or any substantially equivalent job, or (ii) the opening for which was created as a result of the employer having terminated the employment of any regular employee or otherwise having reduced its work force with the intention of hiring a veteran in such job under this Act.

(4) That the employer will not employ in the program of job training a veteran who is already qualified by training and experience for the job for which training is to be provided.

(5) That the job which is the objective of the training program is one that involves significant training.

(6) That the training content of the program is adequate, in light of the nature of the occupation for which training is to be provided and of comparable training opportunities in such occupation, to accomplish the training objective certified under clause (2) of subsection (e).

(7) That each participating veteran will be employed full time in the program of job training.

97 STAT. 447

(8) That the training period under the proposed program is not longer than the training periods that employers in the community customarily require new employees to complete in order to become competent in the occupation or job for which training is to be provided.

(9) That there are in the training establishment or place of employment such space, equipment, instructional material, and instructor personnel as needed to accomplish the training objective certified under clause (2) of subsection (e).

(10) That the employer will keep records adequate to show the progress made by each veteran participating in the program and otherwise to demonstrate compliance with the requirements established under this Act.

(11) That the employer will furnish each participating veteran, before the veteran's entry into training, with a copy of the employer's certification under this subsection and will obtain and retain the veteran's signed acknowledgment of having received such certification.

(12) That the program meets such other criteria as the Administrator may determine are essential for the effective implementation of the program established by this Act.

(e) A certification under subsection (d) shall include—

(1) a statement indicating (A) the total number of hours of participation in the program of job training to be offered a veteran, (B) the length of the program of job training, and (C) the starting rate of wages to be paid to a participant in the program; and

(2) a description of the training content of the program (including any agreement the employer has entered into with an educational institution under section 8) and of the objective of the training.

(f)(1) Except as specified in paragraph (2), each matter required to be certified to in paragraphs (1) through (11) of subsection (d) shall be considered to be a requirement established under this Act.

(2)(A) For the purposes of section 8(c), only matters required to be certified in paragraphs (1) through (10) of subsection (d) shall be so considered.

(B) For the purposes of section 11, a matter required to be certified under paragraph (12) of subsection (d) shall also be so considered.

Regulations.

(g) In accordance with regulations which the Administrator shall prescribe, the Administrator may withhold approval of an employer's proposed program of job training pending the outcome of an investigation under section 12 and, based on the outcome of such an investigation, may disapprove such program.

(h) For the purposes of this section, approval of a program of apprenticeship or other on-job training for the purposes of section 1787 of title 38, United States Code, shall be considered to meet all requirements established under this Act for approval of a program of job training.

PAYMENTS TO EMPLOYERS; OVERPAYMENT

29 USC 1721 note.

SEC. 8. (a)(1) Except as provided in paragraph (3) and subsection (b) and subject to the provisions of section 9, the Administrator shall make quarterly payments to an employer of a veteran participating in an approved program of job training under this Act. Subject to section 5(c) and paragraph (2), the amount paid to an employer on behalf of a veteran for any period of time shall be 50 percent of the product of (A) the starting hourly rate of wages paid to the veteran by the employer (without regard to overtime or premium pay), and (B) the number of hours worked by the veteran during that period.

(2) The total amount that may be paid to an employer on behalf of a veteran participating in a program of job training under this Act is $10,000.

(3) In order to relieve financial burdens on business enterprises with relatively few numbers of employees, the Administrator may make payments under this Act on a monthly, rather than quarterly, basis to an employer with a number of employees less than a number which shall be specified in regulations which the Administrator shall prescribe for the purposes of this paragraph.

Certification.

(b) Payment may not be made to an employer for a period of training under this Act on behalf of a veteran until the Administrator has received—

(1) from the veteran, a certification that the veteran was employed full time by the employer in a program of job training during such period; and

(2) from the employer, a certification—

(A) that the veteran was employed by the employer during that period and that the veteran's performance and progress during such period were satisfactory; and

(B) of the number of hours worked by the veteran during that period.

With respect to the first such certification by an employer with respect to a veteran, the certification shall indicate the date on which the employment of the veteran began and the starting hourly rate of wages paid to the veteran (without regard to overtime or premium pay).

Liability to U.S.

(c)(1)(A) Whenever the Administrator finds that an overpayment under this Act has been made to an employer on behalf of a veteran as a result of a certification, or information contained in an application, submitted by an employer which was false in any material respect, the amount of such overpayment shall constitute a liability of the employer to the United States.

(B) Whenever the Administrator finds that an employer has failed in any substantial respect to comply for a period of time with a requirement established under this Act (unless the employer's failure is the result of false or incomplete information provided by the veteran), each amount paid to the employer on behalf of a veteran for that period shall be considered to be an overpayment under this Act, and the amount of such overpayment shall constitute a liability of the employer to the United States.

(2) Whenever the Administrator finds that an overpayment under this Act has been made to an employer on behalf of a veteran as a result of a certification by the veteran, or as a result of information provided to an employer or contained in an application submitted by the veteran, which was willfully or negligently false in any material respect, the amount of such overpayment shall constitute a liability of the veteran to the United States.

Overpayment recovery.

(3) Any overpayment referred to in paragraph (1) or (2) may be recovered in the same manner as any other debt due the United States. Any overpayment recovered shall be credited to funds available to make payments under this Act. If there are no such funds, any overpayment recovered shall be deposited into the Treasury.

97 STAT. 449

Waiver.

(4) Any overpayment referred to in paragraph (1) or (2) may be waived, in whole or in part, in accordance with the terms and conditions set forth in section 3102 of title 38, United States Code.

ENTRY INTO PROGRAM OF JOB TRAINING

29 USC 1721 note.

Notification to Administrator.

SEC. 9. Notwithstanding any other provision of this Act, the Administrator may withhold or deny approval of a veteran's entry into an approved program of job training if the Administrator determines that funds are not available to make payments under this Act on behalf of the veteran to the employer offering that program. Before the entry of a veteran into an approved program of job training of an employer for purposes of assistance under this Act, the employer shall notify the Administrator of the employer's intention to employ that veteran. The veteran may begin such program of job training with the employer two weeks after the notice is transmitted to the Administrator unless within that time the employer has received notice from the Administrator that approval of the veteran's entry into that program of job training must be withheld or denied in accordance with this section.

PROVISION OF TRAINING THROUGH EDUCATIONAL INSTITUTIONS

29 USC 1721 note.

38 USC 1651 *et seq.*

SEC. 10. An employer may enter into an agreement with an educational institution that has been approved for the enrollment of veterans under chapter 34 of title 38, United States Code, in order that such institution may provide a program of job training (or a portion of such a program) under this Act. When such an agreement has been entered into, the application of the employer under section 7 shall so state and shall include a description of the training to be provided under the agreement.

DISCONTINUANCE OF APPROVAL OF PARTICIPATION IN CERTAIN EMPLOYER PROGRAMS

29 USC 1721 note.

Notification to employer and veteran; hearing.

SEC. 11. If the Administrator finds at any time that a program of job training previously approved by the Administrator for the purposes of this Act thereafter fails to meet any of the requirements established under this Act, the Administrator may immediately disapprove further participation by veterans in that program. The Administrator shall provide to the employer concerned, and to each veteran participating in the employer's program, a statement of the reasons for, and an opportunity for a hearing with respect to, such disapproval. The employer and each such veteran shall be notified of such disapproval, the reasons for such disapproval, and the opportunity for a hearing. Notification shall be by a certified or registered letter, and a return receipt shall be secured.

INSPECTION OF RECORDS; INVESTIGATIONS

29 USC 1721 note.

SEC. 12. (a) The records and accounts of employers pertaining to veterans on behalf of whom assistance has been paid under this Act, as well as other records that the Administrator determines to be necessary to ascertain compliance with the requirements established under this Act, shall be available at reasonable times for examination by authorized representatives of the Federal Government.

97 STAT. 450

(b) The Administrator may monitor employers and veterans participating in programs of job training under this Act to determine compliance with the requirements established under this Act.

(c) The Administrator may investigate any matter the Administrator considers necessary to determine compliance with the requirements established under this Act. The investigations authorized by this subsection may include examining records (including making certified copies of records), questioning employees, and entering into any premises or onto any site where any part of a program of job training is conducted under this Act, or where any of the records of the employer offering or providing such program are kept.

Agreement with Labor Department.

(d) The Administrator may administer functions under subsections (b) and (c) in accordance with an agreement between the Administrator and the Secretary providing for the administration of such subsections (or any portion of such subsections) by the Department of Labor. Under such an agreement, any entity of the Department of Labor specified in the agreement may administer such subsections, notwithstanding section 4(b).

COORDINATION WITH OTHER PROGRAMS

29 USC 1721 note.

SEC. 13. (a)(1) Assistance may not be paid under this Act to an employer on behalf of a veteran for any period of time described in paragraph (2) and to such veteran under chapter 31, 32, 34, 35, or 36 of title 38, United States Code, for the same period of time.

38 USC 1501, 1601, 1651, 1700, 1770.

(2) A period of time referred to in paragraph (1) is the period of time beginning on the date on which the veteran enters into an approved program of job training of an employer for purposes of assistance under this Act and ending on the last date for which such assistance is payable.

(b) Assistance may not be paid under this Act to an employer on behalf of an eligible veteran for any period if the employer receives for that period any other form of assistance on account of the training or employment of the veteran, including assistance under the Job Training Partnership Act (29 U.S.C. 1501 et seq.) or a credit under section 44B of the Internal Revenue Code of 1954 (26 U.S.C. 44B) (relating to credit for employment of certain new employees).

96 Stat. 1322.

(2) The Secretary, in consultation with the Administrator, shall promote the development of employment and job training opportunities for veterans by encouraging potential employers to make programs of job training under this Act available for eligible veterans, by advising other appropriate Federal departments and agencies of the program established by this Act, and by advising employers of applicable responsibilities under chapters 41 and 42 of title 38, United States Code, with respect to veterans.

38 USC 2001 *et seq.*, 2011 *et seq.*

(b) The Administrator and the Secretary shall coordinate the outreach and public information program under subsection (a)(1), and job development activities under subsection (a)(2), with job counseling, placement, job development, and other services provided for under chapters 41 and 42 of title 38, United States Code, and with other similar services offered by other public agencies and organizations.

(b) The parcel of land referred to in subsection (a) is that parcel of land, consisting of approximately 7.24 acres, conveyed from the city of Biloxi, Mississippi, to Gulf Paving, Incorporated (a corporation organized under the laws of the State of Mississippi), by deed of June 29, 1973, recorded at book 65, page 589, in the records of the Office of the Chancery Clerk of Harrison County, Mississippi.

TITLE V—STATUS AND ROLE OF ADMINISTRATOR OF VETERANS' AFFAIRS

CONGRESSIONAL FINDINGS

38 USC 210 note.

SEC. 501. The Congress finds that—

(1) the Nation has an historic and deeply-rooted commitment to providing benefits and services to those who served in the Armed Forces;

(2) this commitment must be continued and maintained, both to fulfill moral obligations to those who served in the past and to assure current and potential members of the Armed Forces that the Nation's obligations to those who serve will always be honored;

(3) the Veterans' Administration is the principal Federal entity responsible for veterans' benefits and programs;

(4) the Veterans' Administration has a potential population of beneficiaries of over 28 million veterans and over 55 million survivors and dependents;

(5) the Veterans' Administration will distribute over $13.8 billion in income maintenance payments and over $1.5 billion in education, training, and rehabilitation assistance payments during fiscal year 1984, operates one of the Federal Government's two major home loan guaranty programs, with over four million loans currently guaranteed, administers the largest direct insurance program in the Nation, and operates 108 national cemeteries and provides burial assistance for nearly 350,000 deceased veterans annually;

(6) the Veterans' Administration operates the largest centrally administered health-care system—consisting of, among other facilities, 172 hospitals, 226 outpatient clinics, and 99 nursing home care units—in the United States;

(7) the Veterans' Administration health-care system serves as the primary backup to the medical resources of the Department of Defense in time of war or national emergency involving the use of the Armed Forces in armed conflict;

(8) in terms of share of the annual Federal budget, the Veterans' Administration ranks sixth among Federal departments and agencies, and among Federal departments and agencies only the Department of Defense employs more personnel;

97 STAT. 1006

(9) the Administrator of Veterans' Affairs is the principal executive branch official responsible for the administration of the benefits, services, and programs of the Veterans' Administration and for seeking the coordination of veterans' programs administered by other Federal departments and agencies;

(10) there is a need for greater coordination between the Veterans' Administration and other Federal entities administering veterans programs and between the Veterans' Administration and other Federal entities providing similar benefits to individuals on a basis other than their status as veterans;

(11) by virtue of the Administrator of Veterans' Affairs not being included in the President's Cabinet, the Administrator generally is not included in Cabinet meetings and deliberations and generally does not have the ready access to the President

and senior advisers on the President's staff that Cabinet members have; and

(12) as a consequence, Presidential decisions affecting veterans and the Veterans' Administration are made from time to time without an understanding of their full impact on veterans and on the Veterans' Administration's performance of its statutory missions.

SENSE OF THE CONGRESS

Cabinet member, designation.
38 USC 210 note.

SEC. 502. In view of the findings in section 501, it is the sense of the Congress that the Administrator of Veterans' Affairs should be designated by the President as a member of, and a full participant in all activities of, the Cabinet and as the President's principal adviser on all matters relating to veterans and their dependents.

If the Administrator notifies the Congress of a determination made pursuant to subparagraph (B) that, taken as a whole, study under subparagraph (A) is not scientifically feasible, the requirement in subparagraph (A) that the Administrator provide for the conduct of epidemiological study shall cease to have effect as if repealed by law.

(2) Not later than one year after the date of the enactment of this Act, the Administrator shall submit to the appropriate committees of the Congress a report on the development of a protocol or protocols for study under paragraph (1)(A). Contract or agreement for study.

(4) When the Administrator has entered into a contract or agreement with an agency or person for the conduct of a study under paragraph (1)(A), the Administrator and such agency or person shall submit to the appropriate committees of the Congress a joint report containing a copy of the contract and an estimate of the total cost of such study.

Contract.

(6) A contract to carry out study under paragraph (1)(A) may not be entered into unless (A) appropriations for payments under the contract have been provided in advance, or (B) the contract provides that the obligation of the United States to make payments under the

97 STAT. 1008

contract is contingent upon the availability of funds appropriated for the making of such payments.

Appropriation authorization.

(7) There are authorized to be appropriated such sums as may be necessary for the conduct of study under subsection (a)(1)(A).

Guide, availability.

(b) Not later than one year after the date of the enactment of this Act, the Administrator shall develop and distribute to appropriate Veterans' Administration personnel an indexed reference guide, derived from existing pertinent research-result compilations, designed to provide Veterans' Administration personnel who either furnish health care or adjudicate claims for benefits under title 38, United States Code, with readily usable information regarding the state of medical and other scientific information on any long-term adverse health effects in humans of exposure to ionizing radiation, including nuclear-device exposure, medical exposure, and occupational exposure.

(c)(1) For the purpose of ensuring that any study, research, or other activity carried out by the Federal Government with respect to adverse health effects in humans from exposure to ionizing radiation is scientifically valid and is conducted with efficiency and objectivity, the President shall ensure that—

(A) activities of the Veterans' Administration in connection with (i) study under subsection (a)(1)(A), (ii) the development of the guide required by subsection (b), and (iii) such additional research as may be identified, as a result of such study or the development of such guide or otherwise, as necessary for the resolution of questions regarding such effects are fully coordinated with studies and other activities which are planned, are being conducted, or have been completed by other departments, agencies, and instrumentalities of the Federal Government and which pertain to such effects, including the radioepidemiological tables mandated by section 7 of the Orphan Drug Act (Public Law 97-414; 96 Stat. 2059); and

[1] H.R. 3223, the Agriculture, Rural Development and Related Agencies Appropriations Act, 1984, was not approved by the Congress. The conference report (House Report No. 98-450) was filed in the House of Representatives on October 27, 1983, but did not advance in the legislative process. Budget authority for programs and activities normally included in this bill has been provided through two sequential continuing appropriations: Sec. 101(b) of Public Law 98-107; and Sec. 101(d) of Public Law 98-151 which provides funding at the levels agreed to by the conferees (see "Note" on p. 89, this volume).

[2] Excludes budget estimates of $50,000,000 subsequently submitted in H. Doc. 98-142.

[3] H.R. 3134 was reported by the House Committee on Appropriations but was not considered by the House. The bill was subsequently modified and considered as H.R. 3222.

[4] S. 1892, the Foreign Assistance and Related Programs Appropriations Bill, 1984, was not approved by the Congress. No bill was reported in the House of Representatives. S. 1892 was reported by the Senate Committee on Appropriations on September 27, 1983; however, no further action occurred on the bill. Funding for programs and activities normally included in this annual appropriations bill is provided through two sequential continuing appropriations: Sec. 101(e) of Public Law 98-107; and Sec. 101(b)(1) of Public Law 98-151 (see "Note" on p. 211, this volume).

[5] Excludes $323,000,000 appropriated in fiscal year 1984 to liquidate "indefinite" budget authority provided in fiscal year 1983 for certain programs in the Department of Health and Human Services (see footnote 7 on p. 1129, this volume, for accounts involved).

[6] Failed of passage in the House on June 8, 1983. The bill was subsequently modified and considered as H.R. 4139.

[7] H.R. 4139, the Treasury, Postal Service, and General Government Appropriations Act, 1984 was not approved by the Congress. The bill was passed by the House of Representatives on October 27, 1983, but was not acted on by the Senate. A companion bill, S. 1646, was reported by the Senate Committee on Appropriations on July 20, 1983, but was never considered by the full Senate. Funding for

NOTE.—The President's Budget for 1984 submitted January 31, 1983 (H. Doc. 98-3), tentatively estimated total new budget (obligational) authority for fiscal year 1984 at $900.1 billion net ($1,047.7 billion gross, including $147.6 billion in intragovernmental transactions and certain so-called proprietary receipts handled as offsets for budget purposes only). An estimated $519.2 billion does not require action by Congress. This amount includes permanent appropriations such as interest on the public debt and various trust funds for which the obligational authority is already provided in the basic law. Virtually all of the remaining $528.5 billion is for consideration at this session of Congress in the appropriations bills. Approximately $17.8 billion of the $528.5 billion was shown in the January budget as being "for later transmittal" for supplemental requirements under present law, new legislation, allowances, and for contingencies and civilian pay raises.

AGRICULTURE, RURAL DEVELOPMENT, AND RELATED AGENCIES APPROPRIATION ACT, 1984, (H.R. 3223)

[NOTE.—The Department of Agriculture, Rural Development, and Related Agencies Appropriation Act, 1984 (H.R. 3223), was not approved by the Congress. The conference report (House Report No. 98–450) was filed in the House of Representatives on October 27, 1983, but did not advance in the legislative process. Budget authority for programs and activities normally included in this bill has been provided through two sequential continuing appropriations: Sec. 101(b) of Public Law 98–107, and Sec. 101(d) of Public Law 98–151 which provides funding at the levels agreed to by the conferees. These levels are reflected in the following table (see pp. 504–505, this volume, for text of Sec. 101(b) of Public Law 98–107, and p. 521 for text of Sec. 101(d) of Public Law 98–151).]

These levels are reflected in the following table (see pp. 504-505, this volume, for text of Sec. 101(b) of Public Law 98-107, and p. 521 for text of Sec. 101(d) of Public Law 98-151).]

[1] Funding for programs and activities normally included in this bill is provided under Sec. 101(d) of Public Law 98-151, Further Continuing Appropriations, 1984.

[2] Funding for programs and activities normally included in this bill is provided under Sec. 101(h)(1) of Public Law 98-151, Further Continuing Appropriations, 1984.

[3] Reflects actual amount rescinded rather than comparison with request.

[4] Budget estimates *exclude* $35,378,000 for fiscal year 1984 to liquidate "indefinite" budget authority requested in fiscal year 1983 for certain programs in the Department of Health and Human Services (see footnote 7 on p. 1129, this volume, for accounts involved).

[5] Excludes $323,000,000 appropriated in fiscal year 1984 to liquidate "indefinite" budget authority provided in fiscal year 1983 for certain programs in the Department of Health and Human Services (see footnote 7 on p. 1129, this volume, for accounts involved).

[6] Funding for programs and activities normally included in this bill is provided under Sec. 101(f) of Public Law 98-151, Further Continuing Appropriations, 1984.

[7] Includes amounts provided through further continuing appropriations for programs and activities normally funded in three regular annual appropriations bills. These bills are: (1) the Agriculture, Rural Development and Related Agencies Appropriation Act, 1984, H.R. 3223 ($31,671,074,000); (2) the Foreign Assistance and Related Programs Appropriation Bill, 1984, S. 1892 ($11,508,401,636); and (3) the Treasury, Postal Service and General Government Appropriations Act, 1984, H.R. 4139 (*$11,943,900,000*).

[8] For informational purposes only. Amount included in total for "regular annual appropriation acts (net)" earlier in table.

[9] Section 401 of the Congressional Budget and Impoundment Control Act of 1974 (Public Law 93-344) requires that all borrowing and contracting authority (so called "backdoor authority") enacted after March 3, 1975 be subject to subsequent appropriation action with certain exceptions which are listed under Sec. 401(d) of the Act (see p. 1956 in the 1974-1975 volume for text of Sec. 401(d)). This amount represents budget authority which falls within those exceptions.

[10] Basically, amounts shown are taken from the January 1983 budget document (H. Doc. 98-3) and are subject to change as better data becomes available.

[1] Included under "Permanent appropriations, Federal funds".

[2] Section 401 of the Congressional Budget and Impoundment Control Act of 1974 (Public Law 93-344) requires that all borrowing and contracting authority (so called "backdoor authority") enacted after March 3, 1975 be subject to subsequent appropriation action with certain exceptions which are listed under Sec. 401(d) of the Act (see p. 1956 in the 1974-1975 volume for text of Sec. 401(d)). This amount represents budget authority which falls within those exceptions.

[3] Budget estimates *exclude* $35,378,000 for fiscal year 1984 to liquidate "indefinite" budget authority requested in fiscal year 1983 for certain programs in the Department of Health and Human Services (see footnote 7 on page 1129, this volume, for accounts involved).

[4] Excludes $323,000,000 appropriated in fiscal year 1984 to liquidate "indefinite" budget authority requested for fiscal year 1983 for certain programs in the Department of Health and Human Services (see footnote 7 on p. 1129, this volume for accounts involved).

[5] Reflects actual amount rescinded rather than comparison with request.

[6] Subject to revision as better data becomes available (see "Note" above).

[1] The regular appropriations bill for Agriculture, Rural Development and Related Agencies for fiscal year 1984 was not approved by the Congress. The conference report (House Report No. 98-450) was filed in the House of Representatives on October 27, 1983, but did not advance in the legislative process. Budget authority for programs and activities normally included in this bill has been provided through two sequential continuing appropriations: Sec. 101(b) of Public Law 98-107; and Sec. 101(d) of Public Law 98-151 which provides funding at the levels agreed to by the conferees (see "Note" on p. 89, this volume).

[2] The regular appropriations bill for Foreign Assistance and Related Programs for fiscal year 1984 (S. 1892), was not approved by the Congress. No bill was reported in the House of Representatives. S. 1892 was reported by the Senate Committee on Appropriations on September 27, 1983; however, no further action occurred on the bill. Funding for programs and activities normally included in this annual appropriations bill is provided through two sequential continuing appropriations: Sec. 101(e) of Public Law 98-107; and Sec. 101(b)(1) of Public Law 98-151 (see "Note" on p. 211, this volume).

[3] The regular appropriations bill for Treasury, Postal Service, and General Government activities for fiscal year 1984 (H.R. 4139), was not approved by the Congress. The bill was passed by the House of Representatives on October 27, 1983, but was not acted on by the Senate. A companion bill, S. 1646, was reported by the Senate

VIIIj. COMPARISON OF BUDGET ESTIMATES, APPROPRIATIONS, AND RESCISSIONS BY FISCAL YEARS ARRANGED BY DEPARTMENTS AND ESTABLISHMENTS, 98TH CONGRESS, 1ST SESSION—Continued

Committee on Appropriations on July 20, 1983, but was never considered by the full Senate. Funding for programs and activities normally included in this annual appropriations bill is provided through two sequential continuing resolutions: Sec. 101(d) of Public Law 98-107; and Sec. 101(f) of Public Law 98-151 (see "Note" on p. 347, this volume).

[4] Included under "Permanent appropriations, Federal funds".

[5] Section 401 of the Congressional Budget and Impoundment Control Act of 1974 (Public Law 93-344) requires that all borrowing and contracting authority (so called "backdoor authority") enacted after March 3, 1975 be subject to subsequent appropriation action with certain exceptions which are listed under Sec. 401(d) of the Act (see p. 1956 in the 1974-1975 volume for text of Sec. 401(d)). This amount represents budget authority which falls within those exceptions.

[6] Budget estimates *excludes* $35,378,000 for fiscal year 1984 to liquidate "indefinite" budget authority requested in fiscal year 1983 for certain programs in the Department of Health and Human Services (see footnote 7 on p. 1129, this volume, for accounts involved).

[7] Excludes $323,000,000 appropriated in fiscal year 1984 to liquidate "indefinite" budget authority provided in fiscal year 1983 for certain programs in the Department of Health and Human Services (see footnote 7 on p. 1129, this volume, for accounts involved).

[8] Reflects actual amount rescinded rather than comparison with request.
